

Compleat partners with BI Experts philight software

Compleat delivers advanced reporting and business intelligence with SharperLight

DATE: May 15 2011: Compleat Software Limited, a provider of spend control, Purchase to Pay and employee expense automation solutions, today announces that it has signed a Partner Agreement to supply SharperLight Business Intelligence & Reporting for its 'Compleat' Spend Control solutions.

Neil Robertson CEO of Compleat comments, "We recognised the value of the data we collect within our software application, but did not provide a fast and simple way for our customers to maximise the value. We looked at a vast range of potential solutions across the globe and SharperLight stood out for a host of reasons."

Robertson continues, "Compleat can now provide world class reporting for our application and leverage SharperLight's continued investment in reporting DataModels to provide a cross application solution for Infor SunSystems, SAP Business One, MS Dynamics GP and many other systems.

Martin Talbot COO of philight Software comments, "The Compleat proposition of reducing cost through purchase automation and their buyers group is one of the most compelling I have seen for many years. We are delighted that they have selected SharperLight as their primary BI and reporting platform and we are looking forward to a long and successful relationship."

SPEND CONTROL

About Compleat Spend Control

Compleat Spend Control from Compleat Software Limited is a Microsoft web-based Purchase to Pay automation and Employee Expenses solution that tightly integrates with most mid-ware accounting solutions. When combined with the Compleat Buyers Group, Compleat provides businesses with immediate control over all aspects of a company's procurement cycle and delivers significant savings on discretionary spend. With the most advanced, customisable workflow solution and real-time financial integration Compleat provides a winning procurement framework at a very compelling price point.

About The Compleat Buyers Group

The Compleat Buyers Group was launched in January 2011 and combined with Compleat Purchase to Pay and Employee Expenses automation software, enables businesses to make significant savings on their purchasing by simply paying less on what is already being bought and ensuring purchasing is done through nominated suppliers. It delivers a compelling cash based ROI in as little as 4 months.

About phiLight Software

phiLight Software International is an IBM and a Microsoft Silver ISV Partner, developing integration tools, ad-hoc and self-service reporting tools over multiple systems to provide a cohesive interface and gold standard Business Intelligence layer to multiple business sectors. Established in 2007 through the union of development skills and consulting experience, the phiLight team have over 70 year's experience in delivering self-service reporting technologies and have experienced and overcome the daily reporting challenges facing a diverse range of industries and verticals, including ERP, EAM, HR, CRM, Sales, Hospitality and Mining.

About SharperLight

SharperLight is a reporting and integration framework that overcomes many of the cumbersome aspects of traditional Business Intelligence technologies. It is focused at all levels of the organisation and enables rapid reporting output with a consistent user interface taking the guess work out of querying complex operational data stores. The technology in SharperLight is a fundamental shift in how organisations manage their own Business Intelligence.
